

Cadent's Connections Charging Statement

Notification of change: Effective 01 April 2025

Subject to Condition 4B(1) of our Licence requirements, Cadent must recover costs that we reasonably expect to incur in providing our connection services.

Charges are calculated to reflect the costs we reasonably expect to incur in carrying out the necessary connections work. These costs include labour, materials, and other expenses required to complete the work. Each cost element will carry an appropriate level of overhead.

From 1st April 2025, we are increasing the charges applicable for our standard connections charges. You will find details of these charges within our Charging Statement using the below web address.
