

Cadent's Connections Charging Statement

Notification of change: Effective 01 April 2024 Fuel Poor Standard Values

What's changing:

Cadent has completed their annual review of the gas transportation charges. These charges effect how the discount is calculated for the fuel poor network extension scheme.

Changes related to the gas transportation charges happen annually at the start of the financial year, therefore the below changes are to take effect from 01st April 2024
